

You know I'm never gonna let you go

## Fill in the gaps

From the get-go, I knew this was (1) to hold	We're (6) a time bomb
Like a crash, the whole thing spun out of control	Gonna (7) it
(Oh) on a wire, we were dancing	Let's diffuse it
Two kids, no consequences	Baby, we're like a time bomb
Pull the trigger without thinking	But I need it
There's (2) one way down this road	Wouldn't have it any other way
It was like a time bomb set into motion	Got my heart in your hands
We knew that we were destined to explode	Like a time bomb ticking
And if I had to pull you out of the wreckage	It goes off; we start again
You know I'm never gonna let you go	When it breaks, we fix it
We're like a time bomb	Got your heart in my hands
Gonna lose it	Like a time bomb ticking
Let's diffuse it	We should know better
Baby, we're like a time bomb	But we won't let go
But I need it	It was like a time bomb set into motion
Wouldn't have it any other way	We (8) that we were destined to explode
Well, there's no way out of this, so let's stay in	And if I had to pull you out of the wreckage
Every (3) that comes also (4) to an	You know I'm never gonna let you let me go
end	We're (9) a time bomb
(Oh) resistance is useless	Gonna lose it
Just two kids stupid and fearless	Let's diffuse it
Like a bullet shooting the lovesick	Baby, we're like a time bomb
There's only one way down this road	But I need it
It was like a (5) bomb set into motion	Wouldn't have it any (10) way
We knew that we were destined to explode	
And if I had to pull you out of the wreckage
