## Where The Streets Have No Name by U2

	I rampled in dust
I want to run	I'll show you a place
I want to hide	High on a desert plain
I want to (1) down the walls	Where the streets have no name
That (2) me inside	
I want to (3) out	Where the streets have no name
And touch the flame, yeah	Where the streets have no name
Where the streets have no name	We're still building, then burning down love
I want to feel sunlight on my face	Burning down love
I see the dust cloud disappear	And when I go there
Without a trace	I go there with you
I wanna take shelter	It's all I can do
From the (4) rain, yeah	Our love (7) to rust
Where the streets have no name	We're beaten and (8) by the v
	Blown by the wind
Where the streets have no name	See our love turn to rust
Where the streets have no name	I'll be beaten and blown by the wind
We're still building, then burning down love	Blown by the wind
Burning (5) love	(Oh) and when I go there
And when I go there	I go there with you
I go there with you	It's all I can do
It's all I can do	
The city's a flood	
And our (6) turns to rust	
We're beaten and blown by the wind
