The congregation sang	And watch the circus arrive
We knelt and prayed	I don't stand here tryin' to focus the blame
As we stood (1) God	But I'm hurtin' deep down inside
On that beautiful day	All the pain an' all the grievin'
The church bells rang	When did we (9) believin'
And the champagne flowed	Too late now to stop the bleedin'
As our friends gather round	It's over
For the wedding photo	What's the sense in pointin' fingers
But here we are barely five years on	Who's the saint an' who's the sinner
An' our (2) world's fallin' apart	They're ain't gonna be a winner
All the plans we had together	It's over
Up in smoke and gone for ever	Oh, my dear, what (10) to us?
Poisoned by the lawyer's letter	Tell me, where did it all go wrong?
It's over	What's the use in keep on fightin'?
I don't (3) our kids to suffer	All the tears, all the cryin'
Can we talk to one another	Why do we keep denyin'?
You (4) (5) my light, my lover	It's over
It's over	In all the time I thought I knew ya
Rumours and whispers (6) me apart	Don't forget our children's future
That I know you better than that	I would do whatever suits ya
Inseparable were we	Oh yeah
With a (7) in our sails	It's over
Now I feel a chill wind	It's over
On the marriage that failed	Yeah, it's over
And I pray as I divided	
They've (8) their sides	
Now they'll all sit back
