Bright Lights by Tynchy Stryder & Pixie Lott

Flash lights and the good life		Bright lights got me feeling jolly
Keep calling out my name		Never let you down, that's my word
And I pray somehow		You ain't gotta worry
Something's gonna change		Work for this
Bright lights in the skyline		Don't know about you but I work for this
Let me lose my way		Couple labels said I wasn't worth the risk
'Cause I know somehow		Just another hoodrat hoodie with a black hat
Something's gonna change		He's just one of them (9) for a purse to nick
(Uh, uh) from the ground to the sky		Never really had a plan B
And it wasn't overnight		Stayed on point
Strydes		I am sharper than a Stanley
Last time running never went too well		Big star, flash car, looking trendy
Heart saying (1) on		I know I got my list high, took it by Kylie
Head telling me forfeit		From young I've been obsessed with the fame
Glimpse of the high life		Know you're in lane
I (2) I never saw this		'Cause your dreams were the same
Now I want it all, want it all, I'm selfish		Every day I pray, really wishing for a change
Felt locked down (3) I (4)	a death	Dreams to reality and now I'm in the game
sentence		Flash lights and the good life
Like Alan (5) fired me from The Apprentice		Keep calling out my name
See my little weight, I must've lost half		And I pray somehow
Even Nando's		Something's gonna change
Won't send me a new (6) card		Bright lights in the skyline
And there's all opinions and assumptions		Won't let me lose me way
Back to the grind		'Cause I know somehow
And there's more where it comes from		Something's gonna change, yeah
I (7) the life 'cause my life flash cameras on		Let me tell you when to take it down
Tell Cheryl Cole and Rihanna that I love them		This is the part where the song breaks down
From young I've been obsessed with the fame		Stay looking up, never facing down
Know you're in lane		Long as the bright lights are blazing down
'Cause your dreams were the same		
Every day I pray, really wishing for a change		Flash lights and the good life
Dreams to reality and now I'm in the game		Keep calling out my name
Flash lights and the good life		And I pray somehow
Keep calling out my name		Something's gonna change
And I pray somehow		Bright lights in the skyline
Something's gonna change		Won't let me lose me way
Bright lights in the skyline		'Cause I know somehow
Won't let me (8) my way		Something's gonna change
'Cause I know somehow		(Something's gonna change)
Something's gonna change		Ha ha
Tell me how you feel		Like that
Do you love me or hate me		
There's no pleasing everybody
