

Fill in the gaps

It starts with one thing I don't know why	Not that you knew me (9) then
It doesn't even matter how hard you try	But it all (10) (11) to me in the end
Keep that in mind I designed (1) rhyme	I kept everything inside
To explain in due time, all I know	And even though I tried it all fell apart
Time is a valuable thing	What it meant to me will eventually be
Watch it fly by as the pendulum swings	A memory of a (12) when
Watch it count down 'til the end of the day	I tried so hard and got so far
The clock ticks (2) away, it's so unreal	But in the end it doesn't even matter
You didn't look out below	I had to fall to (13) it all
Watch the time go right out the window	But in the end it doesn't even matter
Tryin' to hold on but didn't even know	I put my trust in you
I (3) it all just to watch you go	Pushed as far as I can go
I kept (4) inside	For all this
And even though I tried it all fell apart	There's (14) one thing you (15)
What it meant to me will eventually be	know
A memory of a time when	I put my trust in you
I tried so hard and got so far	Pushed as far as I can go
But in the end it doesn't even matter	For all this
I had to fall to lose it all	There's (16) one thing you (17)
But in the end it doesn't (5) matter	know
One thing, I don't know why	I (18) so hard and got so far
It doesn't even matter how hard you try	But in the end it doesn't even matter
Keep (6) in mind I designed this rhyme	I had to fall to lose it all
To remind myself how I tried so hard	But in the end it doesn't even matter
In spite of the way you were mocking me

You wouldn't even recognize me anymore
