Like We Used To by A Rocket To The Moon

I can reel her breath as she's sleeping next to me	when you've seen it a (5) times?
Sharing pillows and cold feet	Does he sing to all your music
She can feel my heart fell asleep to its beat	While you dance to purple rain?
Under blankets and warm sheets	Does he do all these things, like I used to?
If only I could be in (1) be again	I know love
If only it were me instead of him	(I'm a sucker for (6) feeling)
Does he watch your favorite movies?	Happens all the time love
Does he hold you when you cry?	(I always end up (7) cheated)
Does he let you (2) him all your favorite parts	You're on my mind love
When you've seen it a million times?	(Or so that matters when I need it)
Does he sing to all your music	That happens all the time love (yeah)
While you dance to (3) rain?	Will he love you like I loved you?
Does he do all these things, like I used to?	Will he tell you every day?
Fourteen months and seven days ago	Will he (8) you feel like you're invincible
Oh, I know you know	With every word he'll say?
How we felt about that night	Can you (9) me if this was right
Just your skin against the window	Don't (10) it all away?
Oh, we took it slow and we (4) know	Can you do all these things?
It should have been me inside that car	Will you do all these things?
It should have been me instead of him in the dark	Like we used to
Does he watch your favorite movies?	Oh, like we used to
Does he hold you when you cry?
