Have You Ever Seen The Rain? by Rod Stewart

Someone told me long ago	'Till forever on it goes
There's a calm before the storm	Through the circle fast and slow
I know	I know
It's been coming for some time	It can't stop, I wonder
When it's over so they say	I wanna know
It'll rain a sunny day	Have you ever seen the rain?
I know	I wanna know
Shining (1) like water	Have you ever (7) the rain
I (2) know	Coming down on a sunny day?
Have you (3) (4) the rain?	Yeah!
I (5) know	I wanna know
Have you ever seen the rain	Have you ever seen the rain?
Coming down on a sunny day?	I wanna know
Yesterday and days before	Have you ever seen the rain
Sun is cold and (6) is hot	Coming down on a (8) day?
