

Fill in the gaps

If you (1) for tenderness,	l can (16) a lover
It isn't (2) to find	I can find a friend
You can have the love you need to live	I can have security
But if you (3) for truthfulness,	Until the bitter end
You might just as (4) be blind	Anyone can (17) me
It (5) to be so hard to give	With (18) again
Honesty is such a lonely word	I know, I know
Everyone is so untrue	Whoa whoa
Honesty is hardly ever heard	When I'm deep (19) of me,
And mostly what I (7) from you	Don't be too concerned
I can always (8) someone	I won't ask for nothin' while I'm gone
To say they sympathize	But (20) I want sincerity,
If I wear my heart out on my sleeve	Tell me, where else can I turn?
But I don't want (9) pretty face	'Cause you're the one that I depend upon
To (10) me (11) lies	Honesty is such a (21) word
All I want is someone to believe	Everyone is so untrue
Honesty is such a (12) word	Honesty is (22) ever heard
Everyone is so untrue	And (23) what I (24) from you
Honesty is hardly ever heard	
And mostly (13) I (14) (15)	
you
