

Fill in the gaps

93 Million Miles by Jason Mraz

93 million miles from the sun
People get ready, get ready
'Cause here it comes, it's a light
A beautiful light
Over the horizon, into our eyes
Oh, my, my, how beautiful
Oh, my beautiful mother
She told me, son, in life you're gonna go far
If you do it right, you'll love where you are
Just know, wherever you go
You can always come home...
240 thousand miles from the moon
We've (1)_____ a long way to belong here
To share (2)_____ view of the night
A (3)_____ night
Over the (4)_____ is another (5)_____
sky
Oh, my, my, how beautiful
Oh, my (6)_____ father
He told me, son, sometimes it may seem dark
But the absence of the light is a (7)_____
part
Just know, you're (8)_____ alone
You can always (9)_____ back home...
Home

Home
You can always come back
Every road is a slippery slope
But there is always a hand that you can hold on to
Looking deeper through the telescope
You can see (10)_____ your home's inside of you
Just know
That wherever you go
No, you're never alone
You will always get back home....
...
Home
Home
...
93 million miles from the sun
People get ready, get ready
'Cause here it comes
It's a light, a beautiful light
Over the horizon
Into our eyes
