And violets to be blue	You're still a picture in a frame
Why isn't my heart	Lost in this world
Meant for you	I even get lost in this song
My hands (1) to (2) you	And when the lights go down
But I can barely breathe	That is where I'll be found
Starry eyes (3) make me melt	I get lost in this world
Right in front of me	I get lost in (9) eyes
_ost in (4) world	And when the lights go down
even get lost in this song	That's where I'll be found
And when the lights go down	Yeah yeah
That is (5) I'll be found	Lost in this world
This music's irresistible	I get lost in your eyes
Your voice makes my skin crawl	And (10) the lights go down
nnocent and pure	Am I the only one
guess you heard it all before	(Oh oh oh)
