## The Stars (Are Out Tonight) by David Bowie

	They're waiting to make their moves
Stars are never sleeping	But the stars are out tongiht
Dead ones and the living	
We live closer to the earth	Here they are upon the stairs
Never to the heavens	Sexless and not aware
The stars are never far away	They are the stars, they're dying for you
Stars are out tonight	But I hope they live forever
They watch us (1) behind their shades	They burn you with their radiant smiles
***, Jack and (2) and Brad	Trap you with (5) beautiful eyes
From hehind their tinted window stretch	They're broke and shamed or drunk or scared
Gleaming like blackened sunshine	But I hope they live forever
Stars are never sleeping	Their jealousy's spilling down
Dead ones and the living	The stars must (6) together
Waiting for the first move	We will never be rid of these stars
Satyrs and their (3) wives	But I hope they (7) forever
Waiting for the last move	And they know just what we do
Soaking up our primitive world	That we toss and turn at night
Stars are never sleeping	They're waiting to make their (8) on us
Dead (4) and the living	But the (9) are out tonight
Their jealousy's spilling down	Yeah
The stars must stick together	The (10) are out tonight
We will never be rid of these stars	The stars are out tonight
But I hope they live forever	Yeah
And they know just what we do
