

Saying I'm sorry for that night

Fill in the gaps

Back To December by Taylor Swift

I'm so glad you made time to see me	And I go back to december all the time
How's life?, (1) me how's your family	It turns out freedom
I haven't seen (2) in a while	Ain't nothing but missing you
You've been good, busier than ever	Wishing that I realized what I had
We small talk, work and the weather	When you were mine
Your guard is up and I know why	I'd go back to december
Because the last time you saw me	Turn around and (6) my own mind
Is still burned in the back of your mind	I go back to december all the time
You gave me (3) and I left them there to die	I miss your tan skin, your sweet smiles
So this me swallowing my pride	So good to me, so right
Standing in front of you	And how you held me in your arms
Saying I'm sorry for that night	That september night
And I go back to december all the time	The first time you ever saw me cry
It turns out freedom	Maybe this is wishful thinking
Ain't (4) but missing you	Probably my mindless dreaming
Wishing that I realized what I had	If we loved again I swear I'd love you right
When you were mine	I'd go back in time and change it but I can't
I'd go back to december	So if the chain is on (7) door I understand
Turn around to make it alright	This is me swallowing my pride
I go back to december all the time	Standing in front of you
These days I haven't been sleeping	Saying I'm sorry for that night
Staying up (5) back myself leaving	And I go back to december
When your birthday passed and I didn't call	It turns out freedom
Then I think about summer	Ain't nothing but missing you
All the beautiful times	Wishing that I realized what I had
I watched you laughing from the passenger side	When you were mine
And realized that I loved you in the fall	I'd go (8) to december
Then the cold came	Turn (9) and make it alright
The dark days when fear crept into my mind	I'd go back to december
You gave me all your love	Turn around and change my own mind
And all I gave you was goodbye	I go (10) to december all the time
So this is me swallowing my pride	All the time
Standing in front of you
