

Fill in the gaps

I'm lost in the light	So you wouldn't be wrong
I pray for the night	Being free, leaving me on my own
To (1) me, to (2) you too	
After so many words	And I held my own
Still nothing's heard	Still I rattled your bones
Don't know what we should do	I said some awful things and I take them back
So if someone could see me now	If we would try again
Let them see you	Just remember when
It was my (3) thrill	Before we were (10) I swear we were friends
When we just stood still	So if someone could see me now
You let me hold (4) hand 'til I had my fill	Let them see you
Even counting sheep	Let them see you
Don't help me sleep	See you through
I (5) (6) and turn right there beside ya	All the hard things we've all gotta do
So if (7) could help me now	'Cause this life is long
They'd help you too	So you wouldn't be wrong
They'd help you too	Being free, leaving me on my own
See you through	
All the (8) things we've all gotta do	
'Cause this (9) is long
