

Fill in the gaps

Hello	And now
I've waited here for you	I know you've always been
Everlong	Out of (5) head, out of my head I sang
Tonight	And I wonder
I throw myself into	When I sing along with you
And out of the red, out of her head she sang	If everything could ever feel this real forever
Come down	If anything could ever be this (6) again
And waste away with me	The only thing I'll ever ask of you
Down with me	You've got to promise not to stop when I say when
Slow how	She sang
You wanted it to be	And I wonder
I'm over my head, out of her (1) she sang	If everything could ever feel this real forever
And I wonder	If anything could ever be (7) good again
When I sing along with you	The only thing I'll ever ask of you
If everything could ever (2) this real forever	You've got to promise not to stop when I say when
If anything could ever be this good again	If everything could ever feel this (8) forever
The (3) thing I'll ever ask of you	If anything could (9) be this good again
You've got to promise not to (4) when I say when	The only (10) I'll ever ask of you
She sang	You've got to promise not to stop when I say when
Breathe out	
So I could breathe you in	
Hold you in
