Fill in the gaps

Can't Fight The Moonlight by LeAnn Rimes

Under a lovers' sky	You'll surrender your heart
Gonna be with you	But you know, but you know that you
And no one's gonna be around	Can't fight the moonlight, no
If you think that you won't fall	You can't fight it
Well, just wait until	No matter what you do
Till the sun goes down	The night is gonna get to you
Underneath the starlight, starlight	Don't try, you're never (4) win
There's a magical feeling so right	Underneath the starlight, starlight
It'll steal your heart tonight	There's a (5) feeling so right
You can try to resist	It will steal your heart tonight
Try to hide from my kiss	You can try to resist
But you know, but you know that you	Try to hide from my kiss
Can't fight the moonlight, deep in the dark	But you know, but you know that you
You'll surrender your heart	Can't (6) the moonlight, deep in the dark
But you know, but you know that you	You'll surrender your heart
Can't fight the moonlight, no	But you know, but you know that you
You can't (1) it	Can't fight the moonlight, no
It's gonna get to your heart	You can't (7) it
There's no escape from love	You can try to resist
Once a gentle breeze	Try to hide (8) my kiss
Weaves its spell upon your heart	But you know
No matter what you think	Don't you know that you can't
It won't be too long	Can't fight the moonlight, deep in the dark
Till you're in my arms	You'll surrender your heart
Underneath the starlight, starlight	But you know, but you know that you
We'll be lost in the rhythm so right	Can't fight the moonlight, no
Feel it (2) your heart tonight	You can't (9) it
You can try to resist	It's gonna get to your heart
Try to hide from my kiss	
But you know, but you know that you
