

Fill in the gaps

Hands Clean by Alanis Morissette

If it weren't for your maturity	And you've washed your hands clean of this
None of this would have happened	What (6) of our history's re-invented and under rug
If you weren't so wise beyond your years	swept
I would've been able to control myself	What part of your memory is selective and tends to forget
If it weren't for my attention	What with this distance it seems so obvious
You wouldn't have been successful, and if	Just make sure you don't tell on me
If it weren't for me, you would never	Especially to members of your family
Have amounted to very much	We best keep this to ourselves
This (1) be messy, but	And not tell any members of our inner posse
But you don't seem to mind, and	I wish I (7) tell the world
Don't go (2) everybody, and	'Cause you're such a pretty thing
And over-look this supposed crime	When you're done up properly
We'll (3) (4) to a few years later,	I might wanna marry you one day
and	If you'd watch (8) weight and you keep your firm
And no one knows except the both of us	body
And I have honored your request for silence	This could be messy
And you've washed your hands clean of this	I don't seem to mind
You're essentially an employee	Don't go telling everybody, and
And I like you having to depend on me	Over-look this supposed crime
You're a kind of protégé and one day you'll say	We'll fast forward to a few years later, and
You learned all you know from me, and	No one knows except the both of us
And I know you depend on me	And I (9) honored your request for silence
Like a young thing would to a guardian	And you've washed your hands clean of this
I know you sexualize me	This could get messy, but
Like a young thing would and I think I like it	I don't seem to mind
This could get messy, but	Don't go telling everybody, and
You don't seem to mind	Over-look this supposed crime
Dude, don't go telling everybody, and	We'll fast forward to a few years later, and
Over-look this supposed crime	No one (10) except the both of us
We'll fast forward to a few years later, and	And I have honored your request for silence
No one knows except the both of us	And you've washed your hands clean of this
I've more than (5) vour request for silence	

- 1. could
- 2. telling
- 3. fast
- 4. forward
- 5. honored
- 6. part
- 7. could
- 8. that
- 9. have
- 10. knows
