## Society by Eddie Vedder

## Fill in the gaps

(Oh) It's a mystery to me	I hope you're not (4) without me
We have a greed with which we have agreed	There's (5) thinking, more-or-less, less is more
And you (1) you have to want more than you	But if less is more, how you keeping score?
need	Means for every point you make, your (6) drops
Until you have it all you won't be free	Kinda like you're starting from the top
Society, you're a crazy breed	You can't do that
I hope you're not (2) without me	Society, you're a crazy breed
When you want (3) than you have	I hope you're not lonely without me
You think you need	Society, (7) indeed
And when you think more than you want	I (8) you're not lonely without me
Your thoughts begin to bleed	Society, have mercy on me
I think I need to find a bigger place	I hope you're not (9) if I disagree
Because when you have more than you think	Society, crazy indeed
You need more space	I hope you're not lonely (10) me
Society, you're a crazy breed	
I hope you're not lonely without me	
Society, crazy indeed
