| Don't leave me like this                            | You're not gone                      |
| I thought I had you figured out                     | You can't be gone                    |

| You're all I wanted                                 | Come on, come on                     |
| Come on, come on                                    | Don't leave me like this             |

| And he just might make me smile                     |                                      |
| But, the (6) time I'm wishing he was you instead    | You and I walk a fragile line        |
