

We throw our hearts to the sky

Fill in the gaps

(On, on, on)	Watch us burn
They tell us we were too young	Watch us (4) from chasing satellites
Every single day	(Oh, oh, oh)
We'd stand beside the ocean	Watch us burn from (5) satellites
Just to (1) away	(Oh, oh, oh)
You're eyes we're out of focus	Watch us burn from chasing satellites
They carried me away	We (6) it more, the faster the chase
(Oh no, oh no)	It was too bright to look away
We're chasing satellites	(Oh) how we burned up through space
Watch us burn the city tonight	They thought we (7) lost
We throw our hearts to the sky	But, we're chasing satellites
Watch us burn	Watch us burn the city tonight
Watch us burn (2) chasing satellites	We throw our hearts to the sky
(Oh, oh, oh)	Watch us burn
Watch us burn from chasing satellites	Watch us burn (8) chasing satellites
(Oh, oh, oh)	(Oh, oh, oh)
Watch us burn from chasing satellites	Watch us burn from chasing satellites
Just lie under the stars	(Oh, oh, oh)
And our hearts (3) light the way	Watch us burn from chasing satellites
Every single love will be the one that got away	(Oh, oh, oh)
We livin' like we're young	Watch us burn from chasing satellites
And getting better every day	(Oh, oh, oh)
(Oh no, oh no)	Watch us burn (9) (10) satellites
We're chasing satellites	
Watch us burn the city tonight
