Kissing A Fool by Michael Bublé

Fill in the gaps

You are far	Strange that I was wrong enough
When I could have (1) your star	To think you'd love me too
You listened to people	You must have been kissing a fool
Who scared you to death and from my heart	I said you must have been kissing a fool
Strange that you were strong enough	But (8) this
To even make a start	Every (9) kiss
You'll never find the peace of mind	That you'll ever give
Till you listen to your heart	Long as we both live
People	When you need the hand of another man
You can never (2) the way they feel	One you really can surrender with
Better let (3) do just what they will	I will wait for you
For they will	Like I always do
If you let them steal your heart from you	There's something there
People	That can't compare with any other
Will always make a lover feel a fool	You are far
But you knew I (4) you	When I could have been your star
We could have (5) them all	You listened to people
We should have seen love through	Who scared you to death and from my heart
Fooled me with the (6) in your eyes	Strange that I was wrong enough
Covered me (7) kisses and lies	To think you'd love me too
So bye	You must have been kissing a fool
But please don't take my heart	You must have been kissing a fool
You are far	You must have (10) kissing
I'm never gonna be your star	A fool
I'll pick up the pieces	
And mend my heart
