

## Fill in the gaps

You are far		Strange that I was wrong enough		
When I could have been your star		To think you'd love me too		
You listened to people		You must have been (4) a foo		_ a fool
Who scared you to death and from my heart		I said you must have been kissing a fool		
Strange that you were (1)	enough	But remember this		
To even make a start		Every other kiss		
You'll never find the peace of mind		That you'll ever give		
Till you listen to your heart		Long as we both live		
People		When you need the (5) of another man		
You can never change the way they feel		One you really can surrender with		
Better let them do just what they will		I will wait for you		
For they will		Like I always do		
If you let them (2) your heart from you		There's (6)	there	
People		That can't compare with any other		
Will always (3) a lover feel a fool		You are far		
But you knew I loved you		When I could have been your star		
We could have shown them all		You listened to people		
We should have seen love through		Who scared you to death and from my heart		
Fooled me with the tears in your eyes		Strange that I was wrong enough		
Covered me with kisses and lies		To think you'd love me too		
So bye		You must have been kissing a fool		
But please don't take my heart		You must have been (7)_		_ a fool
You are far		You must have (8)	kissing	
I'm never gonna be your star		A fool		
I'll pick up the pieces				
And mend my heart
