

Fill in the gaps

You are far	Strange (16) I was wrong enough
When I could have been your star	To (17) you'd love me too
You listened to people	You must have been kissing a fool
Who (1) you to death and from my heart	I said you must have been kissing a fool
Strange that you were strong enough	But (18) this
To even make a start	Every other kiss
You'll never find the peace of mind	That you'll (19) give
Till you listen to your heart	Long as we both live
People	When you need the hand of (20) man
You can never change the way they feel	One you really can surrender with
Better let (2) do just what they will	I will wait for you
For they will	Like I always do
If you let them steal your heart (3) you	There's something there
People	That can't compare with any other
Will always make a lover (4) a fool	You are far
But you (5) I (6) you	When I could (21) (22) (23)
We (7) have shown them all	star
We should (8) seen love through	You listened to people
Fooled me with the (9) in your eyes	Who (24) you to death and from my heart
Covered me (10) (11) and lies	Strange that I was wrong enough
So bye	To (25) you'd love me too
But (12) don't (13) my heart	You must have been (26) a fool
You are far	You must have (27) kissing a fool
I'm never (14) be your star	You must have been kissing
I'll pick up the pieces	A fool
And (15) my heart
