

Fill in the gaps

You're beautiful so silently		I (13) for you	
lt (1) (2)	a shade of blue	And the sky (14) for you	
It struck me so violently		And when you went	
When I looked at you		I became a (15) drifter	
But others pass, the never pause		But (16) life was not for you	
To feel that magic in your hand		Though I learned from you	
To me you're (3) a wild rose		That (17) need (18) be a	whisper
They never understand why		Without you now I see	
I cried for you		How (19) the world can be	
When the sky cried for you		And I (20) you've gone away	
And when you went		But in my heart you'll (21) stay	
I (4) a hopeless drifter		I cried for you	
But (5) life was not for you		And the sky (22) for you	
Though I (6) from you		And when you went	
That (7) need (8)	be a whisper	I became a (23) drifter	
I'll cross the sea for a (9) world		But this life was not for you	
With (10) treasure, a (11)_	for me to	Though I learned (24) you	
hold		That beauty (25) only be a whisper	
In many years they may forget		That beauty need (26) be a whisper	
This love of ours or that we met			
They may not know			
How much you (12) to m	е
