

## Fill in the gaps

Sheets of empty canvas	i m spinning
Untouched sheets of clay	(Oh) I'm spinning
Were laid spread out before me	How quick the sun can drop away
As her body (1) did	And now my bitter hands (14)
All (2) horizons revolved around her soul	(15) glass
As the earth to the sun	Of (16) was everything?
Now the air I tasted and breathed	All the pictures have all (17) (18)
Has taken a turn	in black
(Oh) and all I taught her was everything	Tattooed everything
(Oh) I (3) she gave me all (4) she wore	All the (19) gone bad
And now my bitter hands (5) beneath the clouds	Turned my world to black
Of (6) was everything	Tattooed all I see
(Oh) the pictures have all been (7) in black	All (20) I am, all I'll be
Tattooed everything	Yeah
I take a (8) outside	I (21) someday you'll (22) a beautiful
I'm surrounded by some kids at play	life
I can (9) (10) laughter	I know you'll be a star
So why do I sear?	In (23) else's sky, but why
(Oh) and (11) (12)	Why, why can't it be
(13) spin	Why can't it be mine
Round my head
