

## Fill in the gaps

### Barely Breathing by Duncan Sheik

I know what you're doing  
I see it all too clear  
I only taste the saline  
When I kiss away your tears  
You really had me going  
Wishing on a star  
But the black holes that surround you  
Are heavier by far  
I believed in your confusion  
You were so completely torn  
It must have been that yesterday  
Was the day that I was born  
There's not much to examine  
There's nothing left to hide  
You (1)\_\_\_\_\_ can't be serious  
If you have to ask me why  
I say good-bye  
'Cause I am barely breathing  
And I can't (2)\_\_\_\_\_ the air  
I don't know who I'm kidding  
Imagining you care  
And I (3)\_\_\_\_\_ stand here waiting  
A fool for another day  
I don't (4)\_\_\_\_\_ it's worth the price  
It's worth the price, the price (5)\_\_\_\_\_ I would pay  
Everyone keeps asking  
What's it all about  
I used to be so certain  
And I can't figure out  
What is this attraction  
I only feel the pain  
Nothing left to reason  
And only you to blame  
Will it ever change

'Cause I am barely breathing  
And I can't find the air  
I don't know who I'm kidding  
Imagining you care  
And I could stand here waiting  
A fool for another day  
I don't suppose it's worth the price  
It's worth the price, the price that I would pay  
But I'm thinking it over anyway  
I'm (6)\_\_\_\_\_ it (7)\_\_\_\_\_ anyway  
I've come to find  
I may never know  
Your changing mind  
Is it friend or foe  
I rise above  
Or sink below  
With every time  
You come and go  
Please don't  
Come and go  
'Cause I am barely breathing  
And I can't find the air  
I don't (8)\_\_\_\_\_ who I'm kidding  
Imagining you care  
And I could stand (9)\_\_\_\_\_ waiting  
A fool for another day  
I don't suppose it's worth the price  
It's worth the price, the price that I would pay  
But I'm thinking it over anyway  
I'm thinking it over anyway  
I know (10)\_\_\_\_\_ you're doing  
I see it all too clear

Answer

1. really
2. find
3. could
4. suppose
5. that
6. thinking
7. over
8. know
9. here
10. what
