

## Fill in the gaps

If you (1) the Mona Lisa	Like a thief in the night
You'd be (2) in the Louvre	I stand in (13) of a masterpiece
Everyone would come to see you	And I
You'd be impossible to move	Can't tell you why
It seems to me	It (14) so much
Is what you are	To be in love with a masterpiece
A rare and (3) work of art	'Cause (15) all
Stay behind	Nothing's indestructible
Your (4) rope	Nothing's indestructible
But I (5) not renounce all hope	Nothing's indestructible
And I'm	Nothing's indestructible
Right by (6) side	And I'm
Like a thief in the night	Right by (16) side
I stand in (7) of a masterpiece	Like a (17) in the night
And I	I (18) in front of a masterpiece
Can't tell you why	And I
It hurts so much	Can't (19) you why
To be in love with the masterpiece	It (20) so much
'Cause (8) all	To be in (21) with a masterpiece
Nothing's (indestructible)	And I'm
From the moment I (9) saw you	Right by your side
All the darkness turned to bright	Like a thief in the night
An impressionistic painting	I stand in front of a masterpiece
Tiny particles of light	And I
It seem to me	Can't tell you why
Is what (10) like	It (22) so much
The (11) but please	To be in (23) with a masterpiece
Don't (12) me type	'Cause after all
And honestly	Nothing's indestructible
It can't be fun	'Cause after all
To always be the chosen one	Nothing's indestructible
And I'm	
Right by your side
