

## Fill in the gaps

Where do (1) go	Sleeping in (5) parked cars
And what do they do	When it thunders where do you hide from the store
They're walking on by	Could you ever forgive
They're looking at you	My (6) pity
Some people stop, some people stare	When you've got nothing and your living
But would they help you and do (2) care	On the streets of the city
How did you fall	I couldn't live without my phone
Did you fall at all	But you don't even have a home
Are you happy where you are	How did we fall
Sleeping underneath the stars	Can we get up at all
When it's cold is it your (3) that keeps you warm	Are we (7) where we are
A (4) bit of change	On our lonely (8) star
Is all that I give	When it's cold is it your hope that keeps you warm
How is that gonna help	Where do they go and (9) do they do
When you've got no where to live	They're walking on by
Some turn away so they don't see	They're looking at you
I bet you'd look if that were me	They're walking on by
How did you fall	They're looking at you
Did you fall at all	
Is it lonely where you are
