

Fill in the gaps

(Hello)	(Hey)
Sometimes you know you (1) me so hard	And who am I to tell you
I don't (2) how I feel	That I would never let you down
You almost make me doubt I feel at all	That no one else could love you
It's not as though I always listen	Half as much as I do now
But there's just so much I don't hear	And who am I to (7) you
Maybe I'll never be what you want	I'll always catch you when you fall
(Hey)	Well I
I know that all you're asking for	I wouldn't be myself at all
Is a little place in my heart	At all
But I don't find it easy to give	I didn't want to do what everybody does
Maybe I get a little selfish sometimes	And hide the truth to find we never knew
Why shouldn't I	A thing about love 'cause this is
I used to say I love you but	Real life, real love
Would it make a difference (3) time	And knowing what it (8) down too
And who am I to tell you	It just might be enough
That I would never let you down	And who am I to tell you
That no one else could love you	That I would never let you down
Half as much as I do now	That no one else could love you
And who am I to tell you	Half as much as I do now
I'll always (4) you when you fall	Who am I to tell you
Well I	I'll always (9) you when you fall
I wouldn't be (5) at all	Well I
At all	
I always find a reason why I didn't put you first	(I wouldn't be (10) at all)
It's not that complicated I know	
I really hate it when you shake your head like	
This ain't gonna work	
Maybe you'll never (6) what you sow
