

So let it fall down

Fill in the gaps

Healing Begins by Tenth Avenue North

So you thought you had to keep this up	There's freedom (6) in the sound
All the work that you do	When you let your walls fall to the ground
So we think that you're good	We're here now
And you can't believe it's not enough	We're here now (oh oh)
All the (1) you built up	This is (7) the healing begins (oh oh)
Are just glass on the outside	This is where the healing starts
So let 'em fall down	When you come to where you're broken within
There's freedom waiting in the sound	The light meets the dark
When you let (2) (3) fall to the	The light meets the dark
ground	Sparks will fly as grace collides
We're here now	With the dark inside of us
This is where the healing begins (oh oh)	So please don't fight
This is where the (4) starts	This coming light
When you come to where you're broken within	Let this blood come cover us
The light meets the dark	His blood can cover us
The light meets the dark	This is (8) the (9) begins (oh
Afraid to let your secrets out	oh)
Everything that you hide	This is where the healing starts
Can come crashing through the door now	When you come to (10) you're broken within
But too scared to face all your fear	The light meets the dark
So you hide but you find	The light meets the dark
That the (5) won't disappear
