

Fill in the gaps

I've been awake for a while now		Wherever it goes
You've got me feeling like a child now		I always know
'Cause every time I see your (1)	face	That you make me smile
I get the tinglies in a silly place		Please stay for a while now
It starts in my toes		Just take (7) time
And I crinkle my nose		Wherever you go
Wherever it goes I always know		
That you make me smile		I've been asleep for a while now
Please stay for a (2) now		You tucked me in just like a child now
Just take your time		'Cause every time you hold me in your arms
Wherever you go		I'm comfortable enough to feel your warmth
The rain is falling on my window pane		It starts in my soul
But we are hiding in a (3) place		And I (8) all control
Under the covers stayin safe and warm		When you kiss my nose
You give me feelins that I adore		The feeling shows
It starts in my toes		'Cause you make me smile
Makes me crinkle my nose		Baby just take your time
Wherever it (4) I always know		Holding me tight
That you make me smile		Wherever, wherever you go
Please stay for a while now		Wherever, wherever you go
Just (5) your time		Wherever you go
Wherever you go		I always know
What am I gonna say		'Cause you (9) me smile
When you make me (6) this way		Even just for a while
I just (mmm)		
And starts in my toes		
Makes me crinkle my nose
