

Fill in the gaps

If I could (1) assurance	Don't worry I'll (15) you warm
To leave you behind	I'll follow you down
I know my (2) (3) would fade	While we're passing (16) space
And all my doubt	I don't (17) if we fall from grace
Is a staircase for you	I'll follow you (18) to where forever lies
Opened out of this space	Without a doubt I'm on (19) side
The first (4) is the one you believe in	There's nowhere (20) that I would
The second one might be profound	(21) be
I'll follow you down	I'm not about to compromise
Through the eye of the storm	Give you up to say goodbye
Don't worry I'll (5) you warm	I'll guide you through the deep
I'll (6) you down	I'll keep you close to me
While we're (7) through space	l'll (22) you down
I don't (8) if we fall from grace	Through the eye of the storm
I'll follow you down	Don't worry I'll keep you warm
You can have the (9) and the world	I'll follow you down
The angels and the pearls	While we're passing through space
Even trademark the color blue	I don't (23) if we (24) from grace
Just like the tower we never built	I'll follow you
In the shadow of all the guilt	If I could find assurance
When the other (10) was (11) at	To (25) you behind
you	I know my better (26) fade
Yeah the first step is the one you believe in	I'll follow you down
And the (12) one (13) be	
profound	
l'II (14) you down	
Through the eye of the storm
