## The Howling by Within Temptation

We've been seeing what you wanted	They're coming down the hills from behind	
Got us cornered right now	When we start killing	
Fallen asleep from our vanity	It's all coming down right now	
Might cost us our lives	From the nightmare we've created	
I hear they're (1) closer	I want to be (7)	somehow
Their howls are sending chills down my spine	(I want to be awakened right now)	
And time is running out now	When we start killing	
They're coming down the hills from behind	It all will be falling down	
When we start killing	From the hell that we're in	
It's all coming (2) right now	All we are is fading away	
From the nightmare we've created	When we start killing	
I want to be awakened somehow	When we start killing	
(I want to be awakened (3) now)	I feel they're getting closer	
When we start killing	Their howls are sending chills down my spine	
It all will be (4) down	And time is running out now	
From the hell, that we're in	They're (8) down	the hills (9)
All we are is fading away	behind	
When we start killing	When we start killing	
We've been searching all night long	It all will be falling down	
But there's no trace to be found	From the hell that we're in	
It's like they all (5) just vanished	All we are is fading away	
But I know they're around	When we start killing	
I feel they're getting closer	When we start killing	
Their howls are sending chills (6) my spine	When we start killing	
And time is running out now
