Now that's she's back in the atmosphere	While you were looking for yourself out there
With drops of Jupiter in her hair (hey)	Can you imagine no love, pride, deep-fried chicken
She acts like summer and walks like rain	Your best friend (6) sticking up for you
Reminds me that there's time to change (hey)	Even when I know you're wrong
Since the (1) from her stay on the moon	Can you imagine no first dance, freeze-dried romance
She listens like spring and she talks (2) June	Five-hour phone conversation
(Hey hey)	The best soy (7) (8) you ever had,
But tell me, did you sail across the sun?	and me?
Did you make it to the Milky Way	But tell me, did the wind (9) you off your feet?
To see the lights all faded	Did you finally get the chance
And that heaven is overrated?	To dance along the light of day
Tell me, did you fall for a shooting star?	And head back toward the Milky Way?
One without a (3) scar	But tell me, did you sail across the sun?
And then you missed me	Did you make it to the Milky Way
While you were looking for yourself out there?	To see the lights all faded
Now that she's back from the soul vacation	And that heaven is overrated?
Tracing her way through the constellation (hey)	And tell me, did you fall for a shooting star?
She checks out (4) while she does Tae-Bo	One without a permanent scar
Reminds me that there's room to grow (hey)	And then you missed me
Now that she's back in the atmosphere	While you were looking for yourself?
I'm (5) that she might think of me as	(Na na na)
Plain ol' Jane told a story about a man	And did you finally get the chance
Who was too afraid to fly so he never did land	To dance along the light of day?
But tell me, did the wind sweep you off your feet?	(Na na na)
Did you finally get the chance	And did you fall for a shooting star?
To dance along the light of day	Fall for a shooting star?
And head back to the Milky Way?	(Na na na)
And tell me, did Venus blow your mind?	And now you're lonely looking for (10)
Was it everything you wanted to find?	out there
And then you missed me
