(1) really feel quite right I don't know why	But all I want is for you to shine
All I know is something wrong	Shine down on me
Every time I look at you, you seem so alive	Shine on this life that's burning out
Tell me how do you do it, walk me through it	I know, I know, girl you got something
'm following every footstep	Shine, shine it on to me
Maybe on your own you take a cautious step	Shine down on me, I wanna feel it
Till wanna (2) it up	Shine on this life that's (6) out
But all I (3) is for you to shine	Maybe on your own you take a cautious step
Shine down on me	Till wanna give it up
Shine on this life that's burning out	But all I want is for you to shine
say a lot of things sometimes	Shine down on me, just show me something
That don't come out right	Shine on (7) life that's burning out
And I act like I don't know why	You give me something that I never know
guess a reaction is all I was looking for	Shine, it's gonna kill me if you (8) something away
Yeah	Shine (yeaaah)
You looked through me	I wanna know what's going in on your mind
You really knew me	Shine on (9) life that's burning out
Like no one has ever looked before	
Maybe on your own you take a cautious step	
Till (4) (5) it up
