## Something That You Said by The Bangles

Everything in a moment (1) where	Never so far you can't (13) me back
Something you said is (2) in the air	I'm (14) more than a single (15)
Now I know my life is sweetening	away
Changing everything	And I feel so real
Something (3) you said	And it feels so right
Turned me from the (4) out	Something (16) you said
Running through my head	Turned me from the (17) out
Something I have dreamed about	Running through my head
And I (5) so real	Something I had dreamed about
And it (6) so right	And I feel so real
Showing you every weakness	And it feels so right
And feeling strong for it	Something that you said
I used to run from (7) love	Turned me from the (18) out
Now I long for it	Lying in my bed
Now I know (8) I've (9) missing	Whispering (19) name out loud
Since I've (10) listening	And I feel so real
Something that you said	And it feels so right
Turned me (11) the (12) out	Something that you said
Lying in my bed	Turned me from the inside out
Whispering your name out loud	Running through my head
And I feel so real	Something I had dreamed about
And it feels so right	And it (20) so real
Something that you said	And it (21) so right
Got through to me tonight	Something that you said
