Move by Thousand Foot Krutch

Fill in the gaps

Move! and show me what you can do	And show me what you can do
When you step into the circle and shake like we do	When you step into the circle and shake like we do
And move (1) you just can't take it and	And move! When you just can't take it and
Move! If you just feel like breaking it	Move! If you (7) feel like breaking it
Can you hear me? stop	Move! And show me what you can do
Look, listen to my voice	When you step into the circle and shake like we do
It was never my (2) to feel all alone	And move! When you just can't take it and
This is my home back up	Move! If you just feel like breaking it
You don't know if you've never been here	I come crashing to the floor
You've never been to the place inside	And I know there must be more like me
I face my fears it takes everything I am	I've seen this all before
Move! And show me what you can do	I can't carry this anymore
When you (3) into the circle and shake like we do	Break free
And move! When you just can't take it and	So breath, and leave
Move! If you just feel like breaking it	Until the storm is over
Move! And show me what you can do	'Cause underneath
When you step into the circle and shake like we do	There's a diamond passin over
And move! When you just can't take it and	So breath, let's leave
Move! If you just feel like breaking it	Until the storm is over
Come near me, stop	Because I want to take you away
Look, listen to my voice	Move! And show me what you can do
If you're making the choice	When you step into the circle and shake like we do
Tell all the girls and the boys	And move! When you just can't take it and
Either scream or rejoice	Move! If you just feel like breaking it
Let's make that noise	Move! And show me (8) you can do
Either move or we (4) all be destroyed	When you step into the circle and shake like we do
Back up and let go, if you've never been here	And move! When you just can't take it and
You've never been to the (5) inside	Move! If you just feel like (9) it
I (6) my fears, it takes everything I am
