

Fill in the gaps

	It doesn't matter where we die
(Sanguis (1) tibi no iam perbibendus sit)	It doesn't matter that you cry
(Macula (2)	We will (15) you with us
(3) detergenda)	It doesn't (16) where we die
(Quisnam surget et deteget)	It doesn't matter that you cry
(Imaginem veritatis?)	
People (4) religious inventions	A disgrace on the beyond
To give their lives a (5) of hope	(O servator, sempiterne)
And to erase their (6) of dying	(Te grati coluimus)
And people (7) religious intentions	(Odor atrox quo nos superfundis
Only to feel superior and to have a license to kill	(17) est)
Our desire to die is stronger than all	Deceive yourself by yieldind to soft words
Your desire for life	That (18) no pain
There is no getting away (8) it now	Enrich (19) with
Only truth faith survives	(20) views learned
People created religious inventions	Without disdain
To give their lives a glimmer of hope	A disgrace on the beyond
And to erase their fear of dying	That can (21) be undone
And people created religious ascensions	Who shall rise and unviel
To (9) others ans to enslave	The façade of reality?
Just to further enrich themselves	Deceive yourself by (22) to soft words
Our desire to die is (10) (11)	That cause no pain
all	Enrich yourself with different views learned
Your desire for life	Without disdain
There is no (12) away (13) it	Is (23) still (24) for new dents in old
now	wrecks?
Only truth faith survives	A disgrace on the beyond that can never be undone
Our desire to die is stronger than all	Deceive yourself by (25) to soft words
Your desire for life	Enrich yourself by making up your own mind
There is no getting away (14) it now	(Sanguis (26) tibi non iam perbibendus sit)
Only truth faith survives	(Sanguis meus tibi non iam perbibendus sit)
This mass terrorism	
Is the new evil in our world today
