Say my name

Fill in the gaps

Spectrum (Say My Name) by Florence + The Machine

When we first came here	And (15) color illuminates
We were cold and we were clear	We are shining
With no colours on our skin	And we (16) never be afraid again
We were light and paper thin	Say my name
And when we first (1) here	And every color illuminates
We were (2) and we were clear	We are shining
With no colours on our skin	And we will (17) be (18) again
Till we let the (3) in	Say my name
Say my name	And every (19) illuminates
And (4) illuminates	We are shining
We are shining	And we (20) never be afraid again
And we will (6) be afraid again	Say my name
Say my name	And every (21) illuminates
And every (7) illuminates	And we are shining
We are shining	And we will (22) be (23) again
And we will never be (8) again	Say my name
Say my name	As every color illuminates
And (9) color illuminates	Say my name
We are shining	As every color illuminates
And we will never be (10) again	We are shining
And when we (11) for you	And we will never be afraid again
We'll be dressed up all in blue	Say my name
With the ocean in our arms	As every (24) illuminates
Kiss your eyes and (12) your palms	We are shining
And (13) it's time to pray	And we will (25) be afraid again
We'll be dressed up all in grey	Say my name
With metal on our (14) and silver in our	
lungs
