

## Fill in the gaps

Don't (1) what	you hear	I can't let you go
Don't believe what you see		And I must be an acrobat
If you just close your eyes you can feel the enemy		To talk like this and act (5) that
When I first met you girl, you had (2) in your soul		And you can dream, so (6) out loud
What happened t'your face of melting snow		And don't let the bastards grind you down
Now it looks like this!		What are we going to do now it's all been said?
And you can (3)	or you can spit	No new ideas in the house, and every book's been read
You can throw it up, or choke on it		And I must be an acrobat
And you can dream, so dream out loud		To talk like this and act (7) that
You know that your time is coming round		And you can dream, so dream out loud
So don't let the bastards grind you down		And you can find (8) own way out
No, nothing makes sense, nothing seems to fit		And you can build, and I can will
I know you'd hit out if you only knew who to hit		And you can call, I can't wait until
And (4) join the mov	vement	You can (9) and you can seize
If there was one I could believe in		In dreams begin responsibilities
Yeah, I'd break bread and wine		And I can love, and I can love
If there was a church I could receive in		And I know that the tide is turning 'round
'Cause I need it now		So don't let the bastards grind you down
To take the cup		
To fill it up, to drink it slow
