

Fill in the gaps

Don't believe what you hear	I can't let you go
Don't believe what you see	And I must be an acrobat
If you just close your eyes you can (1) the enemy	To talk like this and act like that
When I first met you girl, you had fire in your soul	And you can dream, so dream out loud
What happened t'your (2) of melting snow	And don't let the bastards grind you down
Now it looks like this!	What are we going to do now it's all been said?
And you can swallow or you can spit	No new ideas in the house, and every book's been read
You can throw it up, or choke on it	And I must be an acrobat
And you can dream, so dream out loud	To talk like (7) and act like that
You know that your time is (3) round	And you can dream, so dream out loud
So don't let the bastards grind you down	And you can find (8) own way out
No, (4) makes sense, nothing	And you can build, and I can will
(5) to fit	And you can call, I can't wait until
I know you'd hit out if you only knew who to hit	You can stash and you can seize
And I'd join the movement	In dreams begin responsibilities
If there was one I could believe in	And I can love, and I can love
Yeah, I'd break bread and wine	And I know that the tide is (9) 'round
If there was a church I could receive in	So don't let the bastards grind you down
'Cause I need it now	
To (6) the cup	
To fill it up, to drink it slow
