

Fill in the gaps

The sun

I close both locks below the window	Will set for you
I (1) both (2) and turn away	And the shadow of the day
Sometimes solutions aren't so simple	Will (7) the (8) in grey
Sometimes goodbyes the only way	And the sun
And the sun	Will set for you
Will set for you	
The sun	And the shadow of the day
Will set for you	Will embrace the (9) in grey
And the shadow of the day	And the sun
Will (3) the world in grey	Will set for you
And the sun	
Will set for you	And the shadow of the day
Pink cards and flowers on (4) window	Will embrace the world in grey
Your (5) all plead for you to stay	And the sun
Sometimes beginnings aren't so simple	Will set for you
Sometimes goodbyes the (6) way	
And the sun	
Will set for you
