Open up your neart, what do you reel	Come one, everybody in the universe
Open up your heart	World, hold on
What do you (1) is real, yeah	Wonder you will have to answer
The big bang may be a million years away (oh)	To the children of the sky
But I can't think of a better time to say	Children of the sky
World, (2) on	Don't take no for an answer
Instead of messing (3) our future	No no
Open up inside	Right here, spread love
World, hold on	Everybody join together now
One day you will have to answer	One voice, one heart
To the children of the sky	Love and unity, (7) sing
World, hold on	Yeah! (World hold on)
Come one, everybody in the universe	World, hold on
World, hold on	Come one, everybody in the universe
Wonder you will (4) to answer	World, (8) on
To the children of the sky	Wonder you (9) have to answer
(Oh)	To the children of the sky
Children of the sky	World, hold on
Look inside, you'll find a deeper love	Come one, everybody in the universe
The kind that only comes (5) high above	World, hold on
If you'll ever meet your inner child	Wonder you will have to answer
Don't cry, no, no	To the children of the sky
Tell (6) everything is gonna be alright	
World, hold on
