Fill in the gaps

It's Fine
Fine, fine, fine, fine
It's alright
Had a dream (1) night
That the world (2) turning
But your madness, it kept on
Guess I wasn't too bright
And I (3) wasn't learning
Should have seen it all along
All those (4) (sweet), (5) kisses (yeah)
And those sweet (sweet) red roses (yeah)
They convinced me that it was you
I made you (you) (6) (yeah)
Now it's so (now it's conclusive that) conclusive
That you wasn't doing it too
If you'd told me from the start that you're playing
Around it would have been fine
It would (7) been fine
Then I would have played too and I guess
I would have had a good time
If you'd told me from the start that you're playing
Around it (8) have been fine
Then I would have played too and I guess
I would have had a (9) time
Something didn't feel right
And I wish I knew it
I just could not see (10) games
I got respect for you

And you put me through it
