When such affairs as sorties

Fill in the gaps

Major-General's Song by Gilbert And Sullivan

	And surprises I'm more wary at
am the very model of a modern Major-General	And when I know precisely
ve information vegetable, animal, and mineral	What is meant by "commissariat"
know the kings of England	When I have learnt
And I quote the fights historical	What progress has (4) made in modern gunnery
From Marathon to Waterloo, in order categorical	When I know more of tactics than a novice in a nunnery
'm very well acquainted, too, with matters mathematical	In short, when I've a smattering of (5)
understand equations, both the simple and quadratical	strategy
About binomial theorem I'm teeming with a lot o' news	(Oh, that's a hard one, strategy Got it!)
(Hmm, lot of news Got it!)	You'll say a better Major-General has never sat a-gee
Nith many cheerful facts	
About the square of the hypotenuse	For my military knowledge
	Though I'm (6) and adventury
'm very (1) at integral and differential calculus	Has only been (7) down
know the scientific names of beings animalculous	To the beginning of the century
n short, in matters vegetable, animal, and mineral	But still, in matters vegetable, animal, and mineral
am the very model of a modern Major-General	I am the very model of a modern Major-General
know our mythic history	(One more time?!)
King Arthur's and Sir Caradoc's	
answer hard acrostics, I've a pretty taste for paradox	In fact
quote in elegiacs all the (2) of Heliogabalus	When I know what is meant by "mamelon" and "ravelin"
n conics I can floor peculiarities parabolous	When I can tell at sight a Mauser rifle (8) a javelin
can tell undoubted	When such affairs as sorties
Raphaels from Gerard Dows and Zoffanies	And surprises I'm more wary at
know the croaking chorus	And when I know precisely
From The Frogs of Aristophanes	What is meant by "commissariat"
Then I can hum a fugue	When I have learnt
Of which I've heard the music's din afore	What (9) has been made in modern
(Ooh, din afore, din afore Got it!)	gunnery
And whistle all the airs	When I know more of tactics than a novice in a nunnery
From that infernal nonsense Pinafore	In short, when I've a smattering of elemental strategy
	You'll say a better Major-General has never rode a horse!
Then I can write a washing bill in Babylonic cuneiform	
And (3) you every detail of Caractacus's uniform	For my military knowledge
n short, in matters vegetable, animal, and mineral	Though I'm plucky and adventury
am the very model of a modern Major-General	Has only been brought down
	To the (10) of the century
n fact	But still, in matters vegetable, animal, and mineral
When I know what is meant by "mamelon" and "ravelin"	I am the very model of a modern Major-General!
When I can tell at sight a Mauser rifle from a javelin
