We don't know you

The Hardest Button To Button by The White Stripes

We started living in an old house		And we don't owe you
My ma gave birth and we were (1)	it out	But if you see us around
It was a baby boy		I got something else to show you
So we (2) him a toy		Now it's easy, when you don't know better
It was a ray gun And it was 1981		You think it's sleazy (4) put it in a short letter
		We keep warm
We named him "Baby"		But there's (5) something wrong (6) you
He had a toothache		Just (7) that you're the hardest little
He started crying		(8) to button
It sounded like an earthquake	ed like an earthquake	I had opinions that didn't matter
It didn't last long		I had a brain that felt like pancake batter
Because I stopped it		I got a backyard with nothing in it
I grabbed a rag doll		Except a stick, a dog and a box with something in it
And stuck (3) little pins in it		The hardest button to button
Now we're a family		The hardest button to button
And we're alright now		The hardest button to button
We got money		The (9) to button
And a little place to fight now
