

Fill in the gaps

There's a (1) up	I'm (9) helpless
And I gotta prepare myself	So hysterical, and this can't be healthy
Cause this felling's	I can't eat or sleep
Getting stronger everyday	When you're not with me
Something's creeping inside	Baby, you're the air I breathe
Everything is (3) to change	This is critical, yeah
Gotta face the fact	So stuck on you
That I can't walk away	Used to run and hide
This is critical	Used to bend our love
I am feeling helpless	But I can't escape this time
So hysterical, and (4) can't be healthy	Oh no
I can't eat or sleep	This is critical
When you're not (5) me	I am (10) helpless
Baby, you're the air I breathe	So hysterical, and this can't be healthy
This is critical, yeah	I can't eat or sleep
So stuck on you	When you're not with me
Used to have everything figured out	You're the air I breathe
But it's (6) now	This is critical, yeah
When you came, you saw	Baby it's so critical
You conquered my heart	It's so critical, yeah
It's (7) (8) and your smile	It's so critical
Wanna stay for a little while	It's so critical, yeah
I don't wanna go	So stuck on you
I just want you in my arms
