		And now I'm never letting go
Well the sky broke in two		Tonight
Found you dancing alone		I got you where I want you
Then the (1) filled up with you		Closer I can tell you anything
And that song we both know		You're the song that I sing
That's (2) you (3)	me with your	Tonight
eyes		Let the music take us over
And sent shivers down my spine		We'll fall into forever, all is right
And then you whispered in my ear		Cause I got you where I want you
You said "I can feel it too"		Tonight, tonight
And (4) you pulled me into you		The whole world (8) fall away
Tonight		But you and I
I got you where I want you		No we won't be afraid
Closer I can (5) you anything		Tonight
You're the song that I sing		I got you (9) I want you
Tonight		Closer I can tell you anything
Let the music take us over		Tonight
We'll fall into forever, all is right		Let the music take us over
Cause I got you where I want you		We'll (10) into forever, all is right
Tonight		Cause I got you where I want you
Tonight		Tonight
Through all of science and history		I got you where I want you
Well nothing's ever (6) (7)	_ me	Tonight
But now I'm locked on to you		
And I'm holding on to		
The only thing I know
