Was a long and dark December		Bury me in honor		
From the rooftops I remember		When (6) dead and hit the gr	ound	
There was snow		A love back home unfolds		
White snow		If you love me		
Clearly I remember		Won't you let me know?		
From the (1)	(2) were watching	I don't want to be a soldier		
While we froze down below		With the captain of some (7)	ship	
When the future's architectured		With snow, far below		
By a carnival of (3) on show		So if you (8) me		
You'd better lie low		Why'd you let me go?		
If you love me		I took my love down to (9)	hill	
Won't you let me know?		There we sat in snow		
Was a long and dark December		All that time she was silent still		
When the banks became cathedrals		So if you love me		
And the fog		Won't you let me know?		
Became God		If you love me		
Priests (4)	onto bibles	Won't you let me know?		
And (5) out to fit their rifles				
And the cross was held aloft
