Written In The Stars by Tinie Tempah & Eric Turner

(On)	
Written in the stars	(Yeah), I needed a change
A million miles away	When we ate we never took because we needed a change
A message to the main (oh)	I needed a break
Seasons come and go	For a sec I even gave up believing and praying
But I will never change	I even (8) the (9) stuff and was
And I'm on my way	leaded astray
Let's (1) yeah!	Now money is the root to the evilist ways
You're listening now	But have you ever been so hungry that it keeps you awake
They say they ain't heard nothing like this in a while	Mate, now my hunger would leave them amazed
That's why they (2) my song on so many different	Great, it feels like a long time coming, fam
dials	Since the day I thought of that cunning plan
Cause I got more hits than a disciplined child	One day I had a dream I (10) to chase it
When they see me everybody (brrrrrap's, brrrrrraps)	But I wasn't going nowhere, running man!
Man I'm like a young gun (3) black Barrack	I knew that maybe someday I would understand
I cried tear drops over the massive attack	Trying to turn a tenner to a hundred grand
I only make hits like I work with a racket and bat	Everyones a kid that no-one cares about
Look at my jacket and hat	You just have to keep screaming until they hear you out
So damn berserk	(Oh)
So down to earth	Written in the stars
I'm bringing gravity back	A million miles away
Adopted by the (4) I want my family back	A message to the main
People work (5) just to get all their salary taxed	(Oh)
Look I'm just a writer from the ghetto	Seasons come and go
Like Malory black man!	But I will never change
Where the hells all the sanity at, damn!	And I'm on my way
I used to be the kid (6) no one cared about	
That's why you have to keep screaming	(Oh)
Til they hear you out	Written in the stars
(Oh)	A million miles away
Written in the stars	A message to the main
A million miles away	(Oh)
A (7) to the main	Seasons come and go
(Oh)	But I will never change
Seasons come and go	And I'm on my way
But I will never change	
And I'm on my way
