

Fill in the gaps

So long ago, I don't remember when	(Hey) Come on try a little
That's when they say I lost my only friend	Nothing is forever
Well they said she (1) of a broken	There's got to be (10)
heart disease	(11) than
As I listened through the cemetery trees	In the middle
I seen the sun comin' up at the (3) at dawn	But me and Cinderella
The long broken arm of human law	We put it all together
Now it (4) seemed such a waste	We can drive it home
She always had a pretty face	With one headlight
So I (5) how she hung around this place	Well this (12) is old
(Hey) Come on try a little	It feels just like a beat up truck
Nothing is forever	I turn the engine, but the engine doesn't turn
There's got to be something better than	Well it (13) of (14)
In the middle	(15) and cigarettes
But me and Cinderella	This (16) is (17) such a mess
We put it all together	Sometimes I think I'd like to (18) it burn
We can drive it home	I'm so alone, and I feel just (19) somebody else
With one headlight	Man, I ain't changed, but I (20) I ain't the same
She said it's cold	But (21) here in between the city walls
It feels like Independence Day	of dyin'
And I can't break (6) from this parade	Dreams think her death it (22) be killin' me
But there's got to be an opening	(Hey, hey, hey) Come on try a little
Somewhere here in (7) of me	Nothing is forever
Through this (8) of ugliness and greed	There's got to be something (23) than
And I (9) the sun up ahead	In the middle
At the county line bridge	But me and Cinderella
Sayin' all there's good and nothingness is dead	We put it all together
We'll run until she's out of breath	We can drive it home
She ran until there's nothin' left	With one headlight
She hit the end, it's just her window ledge
